03 March, 2006

I am a passionate frontend developer with a strong foundation in web technologies such as HTML, CSS, JavaScript, and React. Currently pursuing a Bachelor's in Computer Science, I'm eager to apply my skills in real-world projects. With experience in both freelance and professional settings, I focus on creating user-friendly, responsive web applications that solve problems and enhance user experience. I'm committed to continuous learning, teamwork, and delivering high-quality results.
